

# Winston Tsia

## Fullstack Developer/Engineer

✉ [winstontsia@gmail.com](mailto:winstontsia@gmail.com)

🔗 <https://wtsia.github.io/Portfolio-Website/>

**Github**

(415) 812-1509

### Projects

---

**DevQ** *React, MongoDB, Node.js, JSON*

Collaborated with other Software Engineering students to create a site that tests users with flashcards. Contributions include creating an API running on Heroku with target specific endpoints.

- Deployment: <https://wtsia.github.io/DevQ/>

**BattleSoft** *HTML, CSS, JavaScript*

A simple game using DOM manipulation to add or replace on-screen elements.

- Deployment: <https://wtsia.github.io/BattleSoft-Game/>

**The Daily Meme** *Express, Handlebars, JavaScript, Node.js*

An App for posting linked images which utilizes CRUD operations. Mimics common social media web applications.

- Deployment: <https://the-daily-meme.herokuapp.com/>

### Skills

---

Languages: Javascript, Python, C++

Technologies: React, Express, Node.js, Git, Mongoose, Heroku, Windows, Linux

Mathematics: Real Analysis, Differential Equations, Probability Theory
